Instructions

General information

Where to send

Submit two copies of this application to the County Director of Real Property Tax Services (in Nassau and Tompkins Counties, submit to Chief Assessing Officer). In a village which has retained its assessing unit status, submit to the village assessor or chairman of village board of trustees.

When to send

You must submit this application within three years of the annexation of the warrant for the collection of such tax.

Refunds

If the tax was already paid, and the application is approved, the applicant is entitled to a refund of the overpayment.

Credits

If the tax has not yet been paid, and the application is approved, the applicant is entitled to a credit reducing the amount of the outstanding tax. The corrected tax must be paid with the interest and penalties that have accrued up to that point. No additional interest and penalties will be imposed if the corrected tax is paid within eight days of the date on which the notice of approval is mailed to the applicant. The interest and penalties on the credited portion of the tax are cancelled.

Types of correctable errors

Real Property Tax Law (RPTL) section 550 recognize the following types of correctable errors:

Clerical error (RPTL section 550, subdivision 2):

- (a) an entry of assessed value on the tax roll which differs from the entry for the same parcel on the property record card, field book, or other final work product of the assessor, or the final verified statement of the board of assessment review due to an error in transcription
- (b) a mathematical error in the calculation of a partial exemption
- (c) an incorrect entry due to failure of the assessor to act on a partial exemption
- (d) an arithmetical error in the calculation or extension of the tax
- (e) an incorrect entry due to a mistake in the determination or transcription of a special assessment or other charge based on units of service provided by a special district
- (f) a duplicate entry of the description or assessed valuation, or both, of an entire single parcel
- (g) an entry on a tax roll which is incorrect by reason of an arithmetical mistake by the assessor appearing on the property record card, field book, or other final work product of the assessor
- (h) an incorrect entry on a tax roll of a re-levied school tax or re-levied village tax which has been previously paid
- (i) an entry on a tax roll which is incorrect by reason of a mistake in transcription of a re-levied school tax or re-levied village tax

Error in essential fact (RPTL section 550, subdivision 3):

- (a) the assessment of an improvement destroyed or removed prior to taxable status date
- (b) the assessment of an improvement not in existence or present on a different parcel

- (c) an incorrect entry of acreage which was considered by the assessor in valuing the parcel and which resulted in an incorrect assessed valuation, where such acreage is shown to be incorrect on a survey submitted by the applicant
- (d) not applicable to refunds
- (e) not applicable to refunds
- (f) misclassification of a parcel in an approved assessing unit which is exclusively used for either residential or non-residential purposes

Unlawful entry (RPTL section 550, subdivision 7):

- (a) an assessment of wholly exempt property on the taxable portion of the assessment roll
- (b) an assessment of real property located entirely outside the boundaries of the assessing unit, the school district, or the special district in which the real property is designated as being located
- (c) an entry made by a person or body without the authority to make such entry
- (d) an assessment of taxable state land which exceeds the assessment as approved by the Office of Real Property Tax Services (ORPTS)
- (e) an assessment of special franchise property which exceeds the final assessment as made by ORPTS or the full value of that special franchise as determined by ORPTS adjusted by the final state equalization rate established by the ORPTS for the assessment roll upon which that value appears

For an *unlawful entry*, attach a statement signed by assessor or majority of board of assessors substantiating that that parcel should have been granted tax exempt status on tax roll.

June 13, 2022

Dear Mayor and Board of Trustees,

Lately I have received inquiries regarding properties on W Main St to use them as more than single family homes. Currently there are several buildings that are still in the R8.5 district that have either been granted variances or have been that use prior to zoning.

Here is what my initial thoughts are. Keeping the R8.5 district but using the Retail Overlay in sections to fill in the area between the Village Business Districts and the Commercial Industrial Park Districts.

Also, I think the area that is currently an Office Overlay might be better if it too was in the Retail Overlay.

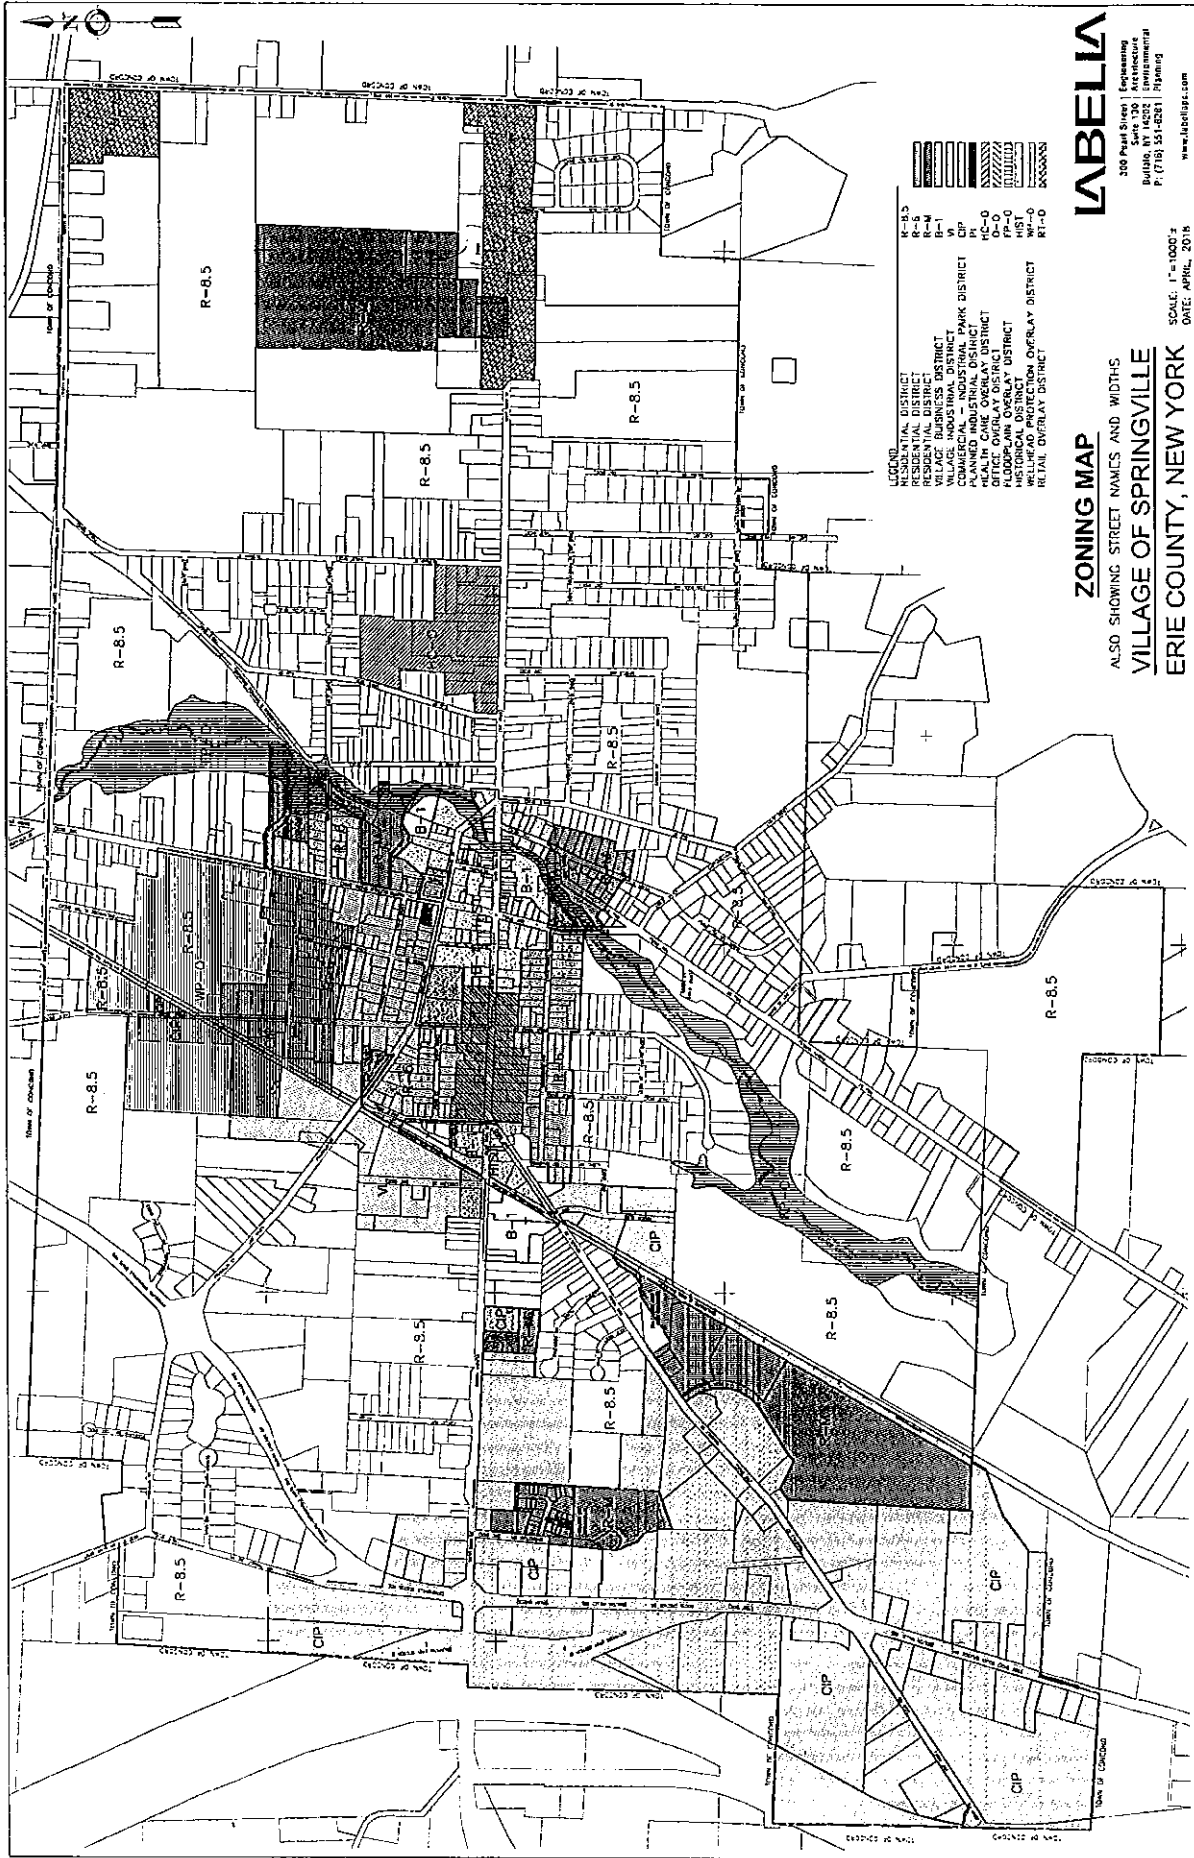

With your permission I would like the Planning Board to review and make recommendations to the Village Board. The Planning Board meets June 28th. Maybe a Public Hearing could be set for July 11th meeting.

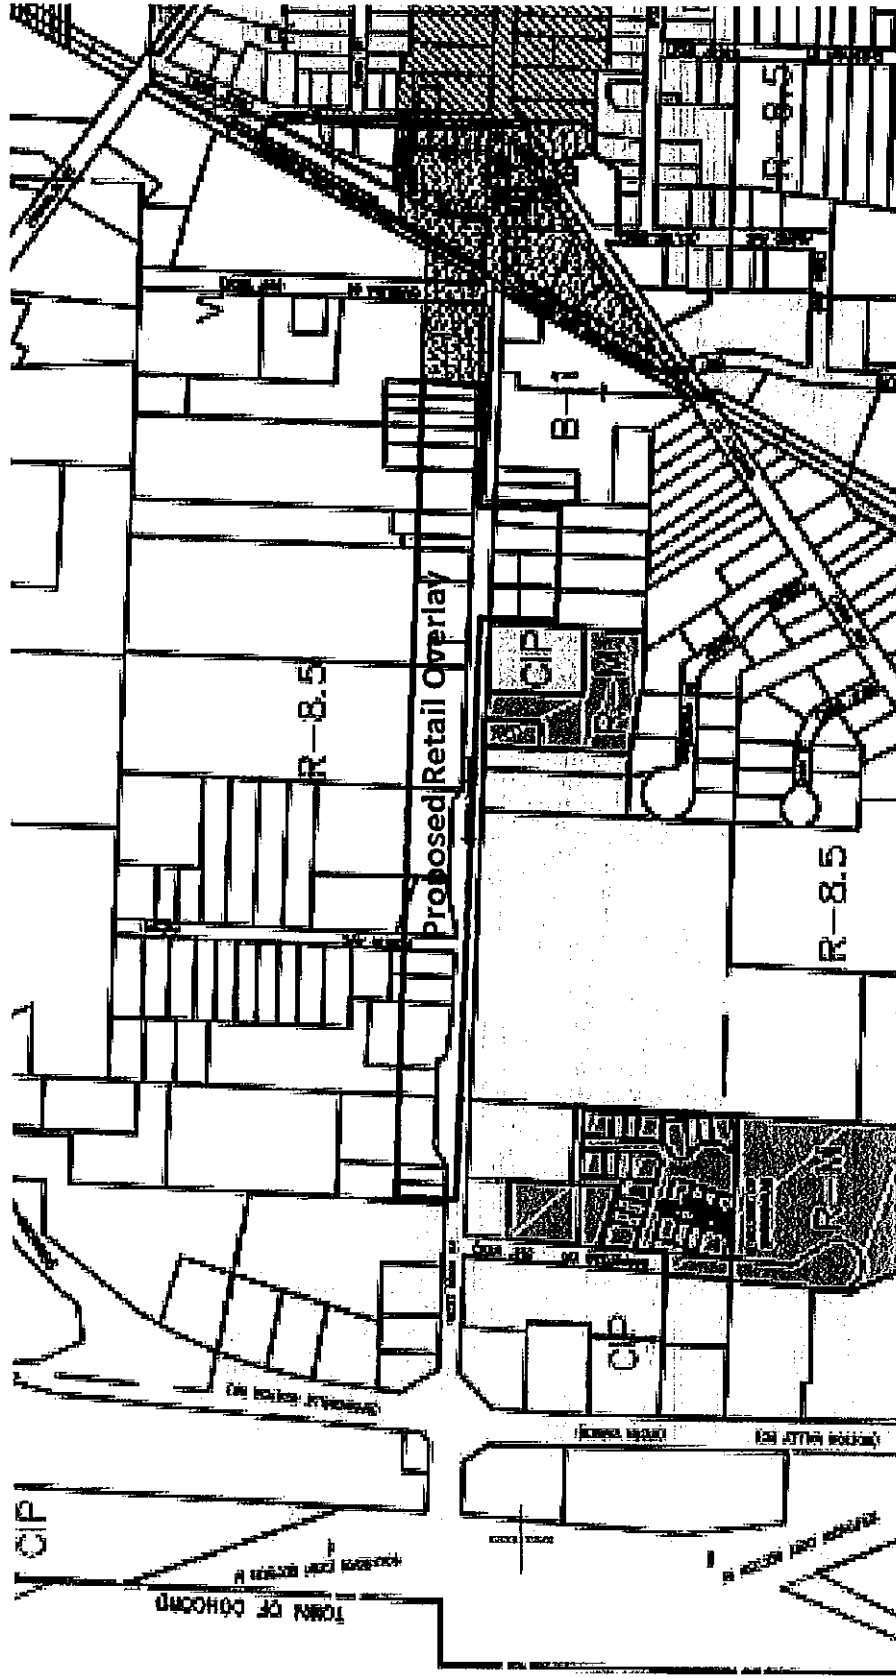

I currently have one application to try to gain a use variance. With the requirements needed for the ZBA to grant a variance I don't think it will be approved. This building is already not a single-family house and has been used as a beauty salon and currently a barber shop, The building owners now would like to add another use to the building. This could all be accomplished by Special Exception Use through the Planning Board.

Please see the attached documents.

Sincerely,

Michael Kaleta
Code Enforcement Officer

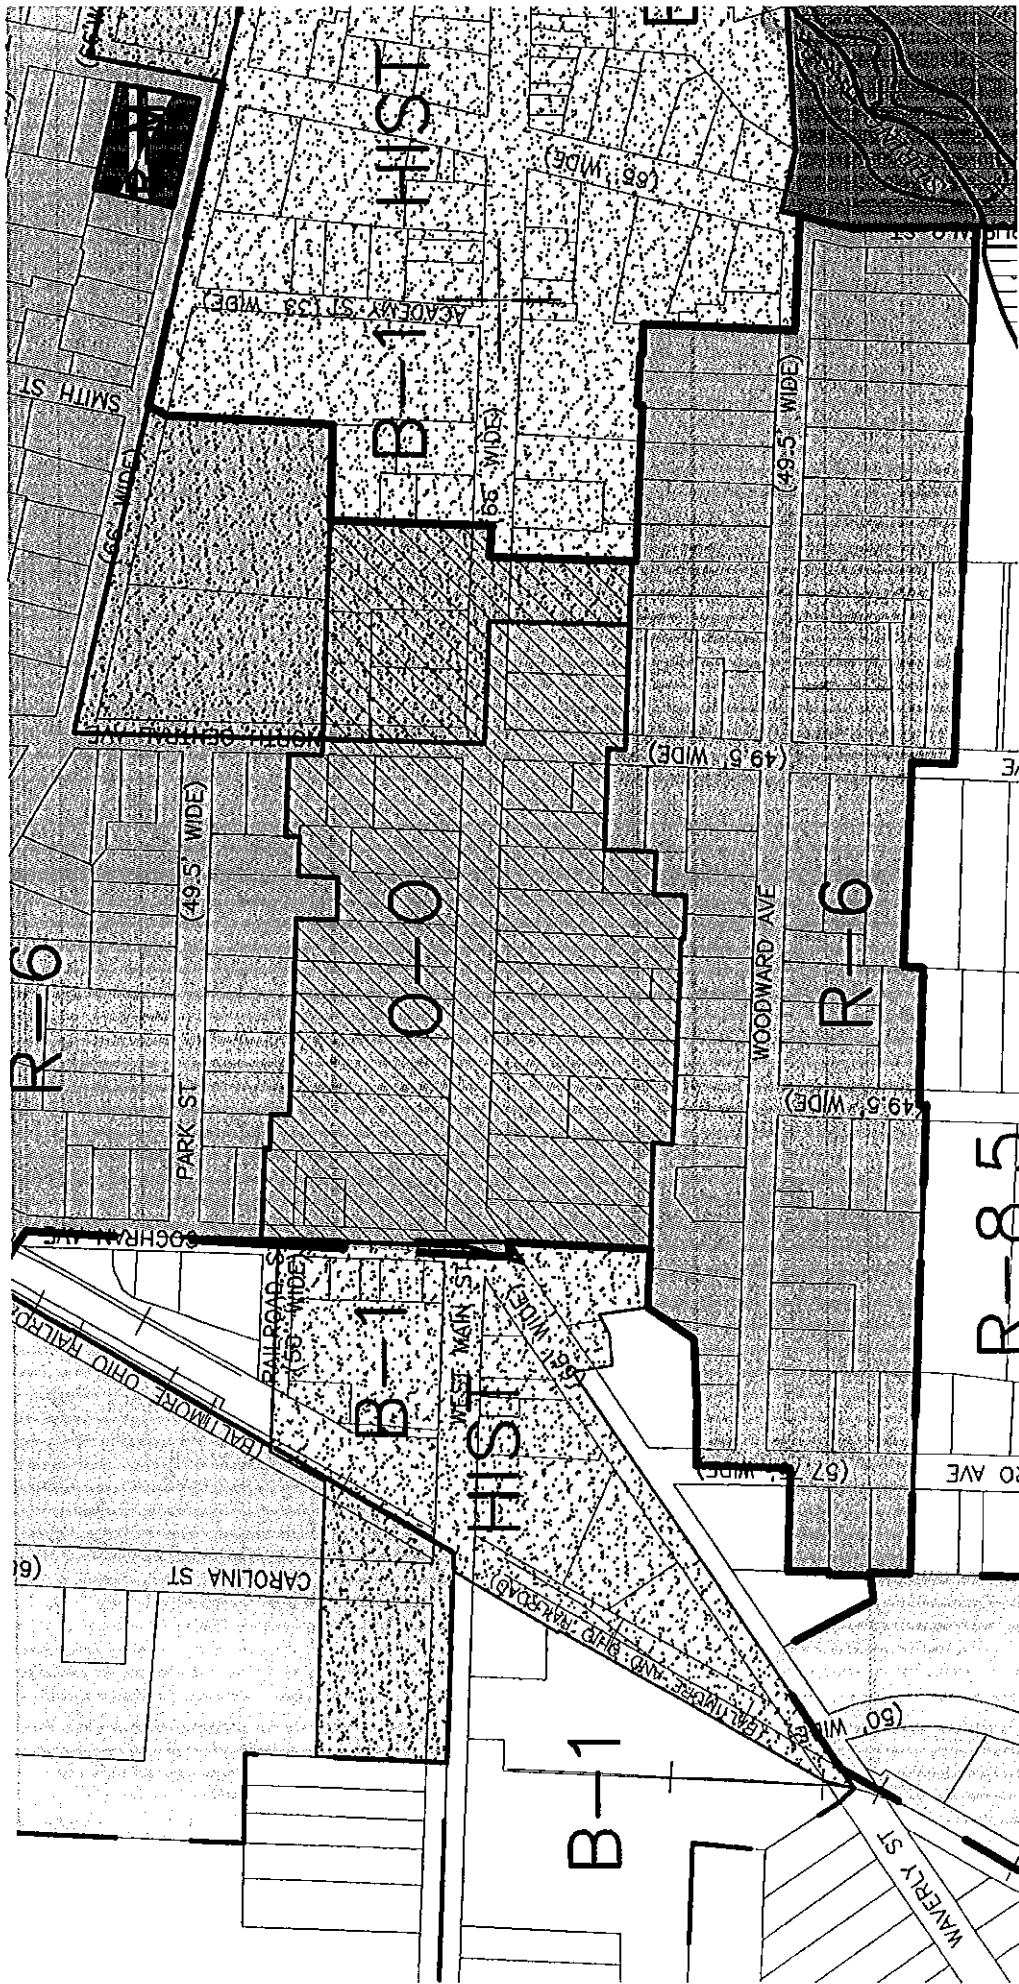

Proposed Retail Overlay.

This is approximately 200' deep from W Main. We can go further or even include the entire parcels. At E Main and Vaughn we did 200'.

The area outlined in red is currently in an Office Overlay District. Would it make sense to also change this area to be in the Retail Overlay District?

Chapter 200. Zoning

Article V. Overlay Districts; Other Districts

§ 200-8.1. R-O Retail Overlay District.

[Added 7-20-2009 by L.L. No. 1-2009]

A. Purpose.

- (1) The R-O Retail Overlay District is intended to protect and enhance residential neighborhoods characterized by location along major thoroughfares or proximity to commercial, cultural and employment centers by permitting mixed residential and retail/business uses. The traffic and activity of such areas lessen their desirability for family living, while their accessibility and exposure provide an environment suitable for certain professional and business uses which can exist in close proximity to dwellings without adversely affecting the residential environment. The preservation and rehabilitation of sound structures is encouraged by increasing potential land use options. Nonresidential uses shall maintain the same scale as residential uses to preserve the existing neighborhood character.
- (2) The R-O District may be overlaid upon any part of any residential district established pursuant to this chapter which is found to be appropriate for such treatment, pursuant to an application for the amendment of the Zoning Map filed in accordance with Article XIV of this chapter.

B. Overlay District. The R-O Retail Overlay District shall not be independently mapped upon the Zoning Map but shall be mapped, pursuant to the procedures for amending the Zoning Map by Article XIV of this chapter, only in conjunction with an underlying residential district. When so mapped, the R-O District shall provide optional regulations in addition to those applicable in the underlying district; provided, however, that any lot may continue to be used in accordance with the regulations applicable in the underlying district in the same manner as though the R-O District did not exist.

C. Permitted uses. Conversion of a lawfully existing building or erection of a new structure for the following uses may be permitted in the R-O District as special exception uses, subject to authorization by the Planning Board pursuant to Article X of this chapter:

- (1) Dwelling units within nonresidential buildings, provided that the total number of dwellings units shall not exceed that which is permitted by the applicable underlying district.
[Amended 2-6-2017 by L.L. No. 2-2017]
- (2) Auditorium, meeting hall.
- (3) Automobile laundry.
- (4) Bank.
- (5) Bed-and-breakfast.
- (6) Funeral home.
- (7) Greenhouse, plant nursery.

- (8) Office: business, professional or utility.
- (9) Personal service establishment, barbershop, beauty parlor.
- (10) Professional studio, travel agency or similar shop.
- (11) Repair shop for household, business or personal appliances.
- (12) Restaurant.
- (13) Retail store.
- (14) Shop for custom work and for making articles to be sold at retail on premises.
- (15) Veterinary office, clinic, or hospital.
- (16) Wholesale business.
- (17) Accessory uses and structures are permitted in the R-O District, subject to the provisions of Article VI of this chapter.
- (18) Agricultural retail or wholesale business with outdoor storage.
[Added 3-19-2018 by L.L. No. 2-2018]

D. Bulk, space and yard requirements. The building height, lot area, open spaces and yard dimension requirements applicable in the R-O District shall be the same as those applicable in the underlying district or as specified in Article X of this chapter for certain uses, except:

- (1) Minimum lot frontage of 100 feet, unless a larger frontage is required by Article X of this chapter. Exception: agricultural retail and wholesale business, minimum 200 feet frontage.

[Amended 3-19-2018 by L.L. No. 2-2018^[1]]

[1] *Editor's Note: This ordinance also repealed former Subsection D(2), regarding depth of lots for nonresidential uses, and redesignated Subsection D(3) as Subsection D(2).*

- (2) Maximum lot coverage by principal and accessory buildings shall be 50%.

E. Parking requirements. Off-street parking and loading requirements applicable in the R-O District are set forth in Article VII of this chapter. Off-street parking for nonresidential uses shall be located in rear or side yards only for residential buildings being converted to other uses. For newly constructed buildings for nonresidential uses, parking requirements shall be determined by the Planning Board during site plan review.

F. Signs. Sign regulations applicable in the R-O District are set forth in Article VIII of this chapter for R-8.5 uses. In addition, for the allowable nonresidential as may be approved by the Planning Board:

- (1) A single freestanding sign shall not exceed 32 square feet with no one dimension larger than eight feet.
- (2) Signs shall be located midway of property frontage or building as determined by the Planning Board.
- (3) Set back a minimum of 10 feet from the nearest right-of-way line of the street.
- (4) Maximum of eight feet in height to top of sign as determined by the grade of the street at the sign location.
- (5) May only be externally illuminated.
- (6) The total square footage of all signs shall not exceed two square feet for each linear foot of building frontage.
- (7) Existing signs may remain, be repaired or replaced in kind.

- G. Adequate buffer yards and screening shall be provided for outdoor storage areas and where necessary to protect adjacent properties and land uses as determined by the Planning Board.
[Amended 3-19-2018 by L.L. No. 2-2018]
- H. Use limitations. The following additional limitations and conditions shall apply to all uses for the R-O District.
- (1) Existing buildings when converted must meet the New York State Building Codes.
 - (2) No nonresidential use may be established by the conversion of any structure or premises originally designed for residential use unless the existing residential character of the building is retained.
 - (3) No outdoor storage permitted, except for an approved agricultural retail or wholesale business.
[Amended 3-19-2018 by L.L. No. 2-2018]
 - (4) The placing of more than one item for sale or display in a front yard is prohibited, except for an approved agricultural retail or wholesale business or as allowed by the underlying district.
[Amended 3-19-2018 by L.L. No. 2-2018]
 - (5) Nonresidential uses shall be set back from every lot line to any lot devoted to a residential use by at least 20 feet or separated by a natural or artificial screen determined by the Planning Board to be sufficient to ensure visual and auditory privacy on the residential lot.
 - (6) No exterior lighting shall be erected, operated or maintained in such a manner as to create an annoyance to neighboring property owners or so as to create a hazard to traffic circulation.
 - (7) (Reserved)^[2]
[2] Editor's Note: Former Subsection H(7), which limited the gross floor area of new nonresidential buildings, was repealed 3-19-2018 by L.L. No. 2-2018.
 - (8) Nonresidential uses shall limit their hours of operation from 8:00 a.m. to 9:00 p.m. on weekdays and Saturdays and from 9:00 a.m. to 6:00 p.m. on Sundays and holidays unless otherwise authorized by the Planning Board through the special exception process.

Part 2 - Impact Assessment**

Part 2 is to be completed by the Lead Agency.

Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:		
a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

 Part 3 Determination of Significance**

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The properties in these areas already have multiple buildings that are not just single family homes and would increase the ability to use them more consistently with the uses in the area without destroying the existing character of the buildings.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
<input checked="" type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

ATTACHMENT NO. A3

AGENDA DATE 6/20/22

Resolution: To hire Miranda Richert as a summer employee working with the Streets Dept. Starting June 22nd at the rate of \$15.00.

We had no truck bids from the 5 that were sent out. I put out a mini-bid through the State OGS site and will see where that goes.

The sidewalk and shelter pad, for Eaton Park, were poured last week. Fencing post are also being prepped for install. Our Electric Dept will be installing the lights as soon as the fence post as installed.

The Streets Dept are out patching the Village streets. The northside should be done early this week. Then they will move to the southside.

Reminder that we pick up brush on the 2nd & 4th weeks of the month. Please have things out by Monday of those weeks.
